USDAW – THE UNION FOR TESCO EMPLOYEES

Usdaw is the trade union for Tesco employees... 175,000 of your colleagues have already joined the Union. The Union can make a difference for you – join Usdaw today!

With members in all parts of the business, Usdaw is the trade union for Tesco employees. The more members we have, the stronger the employee voice when we sit down to discuss issues with Tesco.

The Union has worked hard to ensure that Tesco workers have one of the better pay and benefits packages in retail. To ensure Tesco remains one of the best, we need everyone to join the Union.

As well as negotiating pay rises, the Union has been successful in making the case for improvements to the PrivilegeCard, ensuring family-friendly policies and getting Tesco young workers the full rate for the job.

Usdaw listens to its membership. We negotiate, campaign and lobby for the issues that concern you. By joining Usdaw, you will have a say in what issues and policies the Union pushes for.

No one expects to have a problem at work but sometimes issues do arise. If they do and you are a member of Usdaw, you can get help and support from the Union. By joining Usdaw, you will get access to professional trade union advice and representation.

Usdaw membership gives you access to a range of benefits – from access to free legal advice and a will-writing service, to 20% off your food bill at Frankie and Benny's and discounted cinema tickets.

Joining Usdaw will give you the protection of a trade union if you have a problem at work.

We strongly urge you to fill in your Usdaw membership application form today!
